

# Treasure hunt clues

You can make a treasure hunt by creating simple clues for your family to follow. How complicated they are depends on the age of the people searching! Older children will enjoy creating their own clues.

## Simplest clues:

Take photos of hiding places on your phone and print pictures of them as clues. This works well for under 5s.

You can cut out these clues and hide them with the Bible Verse Cards, or use them as an inspiration to create your own clues:

## Simple clues

Look near the kitchen sink.

Look near the bottom of the stairs.

Look near the front door.

Look near the back door.

Look near the bathroom door.

Look near the letter box.

Look under a pillow.

## Cryptic clues:

Your next clue waits near where things are washed when the table's clear.

Your next clue is at the bottom of the apples and pears.

Your next clue would be the first one you'd see if you were a visitor.

If we had a cat, the next clue is where its flap would be.

Your next clue is by the door of the room where you do daily brushing

Your next clue is by the portal for mollusc communications

Your next clue is under where your head is when it is full of dreams.
